## **Roadway Rehabilitation Project**

Location - Illinois Route 96 beginning just north of the Adams County Line and continuing south for 2.3 miles in Pike County to Old Illinois Route 57.

SPRINGFIELD – The Illinois Department of Transportation (IDOT) announces a three day closure of Illinois Route 96 in Pike County beginning, weather permitting, on Monday, August 11th to install a large box culvert. There will be a marked detour for traffic during the three day closure. Access to private property will be maintained at all times. Work on the entirety of this project is expected to be completed by November 2014. The contractor on this \$5,034,000 project is a joint venture of Diamond Construction Company and Rees Construction Company both of Quincy, Illinois.

Motorists are urged to slow down and be cautious while driving through this construction site and all work zones.
